

✂ FATHER'S DAY NIFTY NECKTIE NOTES

how-to
ideas!

MATERIALS NEEDED:

Fill-in Notes PDF from <http://blog.paper-source.com> • A2 Flat Card (color of your choice) • Eco-White Text • Gravel Cover • Patterned Fine Paper of your choice • Buttons • Brads • Foam Squares • 1/8" Hole Punch • Double Stick Tape • Zip Dry Glue

INSTRUCTIONS:

Print the Father's Day fill-in notes PDF available on our blog and cut apart on the dotted lines. Write desired sentiments onto the four sheets. Use the templates provided to cut the collar shapes from Eco-White paper and the tie shape from patterned fine paper. Using the 1/8" hole punch, create a hole in the upper right corner of the A2 card. Stack the four sheets together and line up behind the A2 flat card. Use the punched hole as a guide to hole punch through the sheets making sure all of the layers line up. Insert brad through holes to create booklet. Adhere tie to front of card with double stick tape. Use foam squares to adhere collar shapes in place (this will cover brad). Cut a small strip to create tie clip and use it to write message. Use Zip Dry glue to add tie clip and buttons. Your dad will surely love the thoughtful notes and clever shirt design!
