

DIY MOMENTS

Turn your favorite kit into a mobile.

MATERIALS NEEDED:

- | | |
|--|---|
| <input type="checkbox"/> 2 Unicorn Garland Craft Kits | <input type="checkbox"/> Foam Squares Combo Pack |
| <input type="checkbox"/> Bookboard Wreath Forms | <input type="checkbox"/> Hydrangea Purple Satin Acrylic Paint |
| <input type="checkbox"/> Gold Shimmer Twine | <input type="checkbox"/> 1" Poly Brushes |
| <input type="checkbox"/> 2 1/4 Circle Hole Punch | <input type="checkbox"/> 8.5 x 11" Superfine White Cardstock |
| <input type="checkbox"/> Blossom Fringe Tape | <input type="checkbox"/> 8.5 x 11" Coral Cardstock |
| <input type="checkbox"/> Red & White Stripe Paper Straws | <input type="checkbox"/> Flag Punch (optional) |
| <input type="checkbox"/> Super Tacky Tape - 1/4" | <input type="checkbox"/> 8.5 x 11" Plum Cardstock (optional) |

INSTRUCTIONS:

1. Paint the bookboard wreath form with Hydrangea Purple Craft Paint. Set the form to the side to dry.
2. Follow instructions provided with the Unicorn Garland Craft Kit to make 4 unicorns. Decorate as desired using glitter, stickles, gel pens, etc.
3. Make the reverse side to each unicorn. If you choose to decorate this side of the unicorn, be sure the unicorns are facing opposite directions.
4. Cut 4 straws to 5.5" long.

Directions continued on back...

INSTRUCTIONS CONTINUED:

5. Tape the middle of the straw to the blank side of the unicorn's body. This is the "pole" for your carousel.
6. Use foam squares to attach Side A and Side B of each unicorn.
7. Cut a piece of gold shimmer twine to 38". These directions are designed for a mobile that is about 16" tall with a 16" string to attach to the ceiling. You can adjust the length of the string to fit your preferences.
8. Cut a small slit in the bottom of the straw. Thread one end of the twine through the top of the straw. Pull about an inch of string through the slit, loop around the straw, and double knot. Cut off the excess string. Repeat this step for each straw.
9. Loop the string around the wreath and tie a knot so that the hooves of the unicorns hang about 10" below the form.
10. Tie all four strings together. The length of each string from the wreath to where they all join should measure about 7".
11. Use the circle punch to cut 11 circles from superfine white cardstock and 11 circles from coral cardstock. Fold the circles in half. Place the coral circles on the outer edge of the painted wreath form, about 1" apart with super tacky tape. Stick the folded white circles behind the coral circles.
12. Line the outer edge of the wreath with coral fringe tape.
13. Optional: Cut flag shapes out of plum cardstock and coral cardstock. You can use the flag hole punch or freehand a design. You will need 2 of each color to form the front and the back of the flags. Position them above the knot where all 4 strings meet, attaching with foam squares. Embellish the flags with hearts and/or stars from the unicorn kit, attaching with foam squares.
