

# DIY MOMENTS

*These are our favorite ways to update an ordinary pouch into a stylish must-have!*

## MATERIALS NEEDED:

- Canvas Pouch
- Rubber Stamp
- Pigment Inkpad
- The Loomie Robot
- Acrylic Craft Paint
- Nylon Brush
- PVA Glue
- Paste Brush
- Glitter
- Fringe Scissors
- Heat Tool
- Decorative Paper
- Super Tape

## INSTRUCTIONS:

### STAMP & TASSELS

1. Stamp the pouch with your favorite stamp and a pigment ink.
2. Using the heat tool, heat set the ink.
3. To create the paper tassel, cut 3 strips of paper - 2 short strips that are about ¼" - ½" wide and about 2" long. Cut your 3rd strip to 2" x 10".
4. Cut fringe along the 2" x 10" strip with the fringe scissors, leaving about ½" uncut at the top. Loop the small, solid strip through the zipper pull and adhere to the uncut top of the long fringe strip.
5. Add super tape along the top of the fringe strip and roll the strip up tightly, starting from the looped strip. Adhere decorative paper around the top portion of the tassel.

## INSTRUCTIONS:

### PAINT & POMS

1. Using a nylon brush and acrylic paint, paint your pouch in whichever fashion you choose - we went with an expressive stroke pattern.
2. Following the Loom Robot directions, create poms with yarn.
3. Tie poms through zipper pull.

### PAINT & SPARKLE

1. Paint the entire surface of the pouch using a nylon brush and acrylic craft paint. We mixed colors to get the shade we wanted!
2. Once dry, run a strip of washi tape or masking tape to mask a section of the bag.
3. Paint the section you want glittery with PVA glue.
4. Coat with glitter heavily then press down on the glitter to reinforce the bond.
5. Shake off the excess glitter and allow to dry.
6. Once fully dry, shake the bag again to shed the remaining loose glitter.
